it will eradicate the disease, and with assurarise from its use in any quantity. That which protects from or prevents this order must be of immense service in the mmunities where it prevails. Prevention etter than cure; for the patient escapes the risk which he must run in violent attacks of this baleful distemper. This "CURE" expels the miasmatic poison of Fever and Ague from the system, and prevents the develop approach of its premonitory symptoms. A great superiority of this remedy over any other ever discovered for the speedy and cer tain cure of Intermittents is, that it contains no Quinine or mineral; consequently it produces no quinism or other injurious effects whatever upon the constitution. Those cured by it are left as healthy as if they had never

Fever and Ague is not alone the co sequence of the miasmatic poison. A great variety of disorders arise from its irritaamong which are Neuralgia, Rhenmi tism. Gout, Headache, Blinds Toothache, Eurache, Catarrh, Asth ma, Palpitation, Painful Affection of the Spleen, Hysterics, Pain in the Bowels, Colic, Paralysis, and derangement of the Stomach, all of which, when originating in this cause, put on the mittent type, or become periodical. This "CURE" expels the poison from the blood, and consequently cures them all alike. Is is an invaluable protection to immigrants and persons travelling or temporarily residing in the majarious districts. If taken occasion-ally or daily while exposed to the infection, that will be excreted from the system, and cannot accumulate in sufficient quantity to ripen into disease. Hence 't is even more

duable for protection than cure; and few

will ever suffer from Intermittents if they avail themselves of the protection this rem edy affords. Root Liniment, Danforth's For Liver Complaints, arising from torpid ty of the Liver, it is an excellent remedy, stimulating the Liver into healthy activity, and producing many truly remarkable cures, where other medicines fall.
